6. Final Thoughts						
Strengths of the Presentation: (What did you think the team did well?)	Challenged themselves by doing the Stock dataset, clear voices, clear intention	Explored valence, showed clear interest & executed the interest within the project	The visualizations were aesthetically pleasing & easy to interpret.	Simple but direct presentation, easy to understand	The presentation was clear & visually easy to read	
Areas for Improvement: (What could the team improve on for future presentations?)	Pace their talking speed, the first person was talking a bit fast ("almost like rapping")	N/A	N/A	Overlapped speakers, could have rehearsed speeching if an extra comment was to be made	Audio issues with Mandy Wong, could have checked during a rehearsal	
Final Score:	95	99	100	95	92	[Total Score] / 100
